Bloody Battle on Papaun Peninsula Nears Its Climax

aps Fight Hopelessly as Australians, and the Yanks Close in

General MacArthur's Headquarters, Australia, Nov. 25.—(AP)—American and Australian troops are gripped in a bitter close-quarter battle with a "last stand" force of Japanese on the beaches of northeastern New Guinea today as the bloody struggle in the Buna-Gona area approached its climax.

Every plane the allied forces could muster was sent skimming over the Japanese positions with machine-guns and cannons blazing. Bombers added high explosives to the confusion and death blow. On the ground allied troops, who have surrounded the Japanese on three sides, closed in slowly. The heaviest fighting was taking place on a coastal strip 12 miles long between Buna and Gona. At Buna both Australian and American units were reported taking an airfield in the face of stiff enemy artillery, mortar and machine-gun fire.

Heavy fighting was reported to have erupted again on the Gona end of the battle line. The Australians entered the village Monny and found 100 Japanese dead, their dead and wounded Japanese scattered along the beach near the community.

The allied airmen made more than 100 sorties over the battle area yesterday, dropping hundreds of bombs and spraying many thousands of rounds of machine-gun bullets on positions of the trapped Japanese.

JAP BASES BOMBED

By J. REILLY O'SULLIVAN
With the United States Air forces in China, Nov. 23.—(Delayed)—(AP)—American bombers, accompanied by the largest fighter escorts yet seen in the China theater, subjected two of Japan's main air bases in South China to punishing attacks today without drawing opposition from a single enemy plane.

An airport on the island of Nankai, 72 miles south of Canton, was raided in the morning and installations on the Tienho airfield at Canton were destroyed in the afternoon. (Reuters said a Tokyo broadcast reported that four United States B-25 bombers escorted by three P-40 fighters raided Canton yesterday—Tuesday—and said one fighter was downed.)

Three hangars believed filled with Japanese planes, a big barracks and a large workshop area at the Chanchu airport received direct hits in the morning raid by the American skydivers. Five tons of bombs were dropped on the field, Japan's principal South China reserve base and airplane repair and storage center.

A string of bombs exploded on runway as three enemy planes were taking off. One was demolished before getting "off the ground."

The raid on the island base was led by Lieut. Col. Herbert Morgan, of Freedom, Pa. Morgan, whose fellow fliers called him "Big Boy," was the commander of the big American bombing raid in Haiphong, French Indo-China only yesterday (Sunday).

In the afternoon attack, major installations at Tienho were put out of commission and a huge fire was touched off at an oil dump. Col. Robert Scott of Macon, Ga., who led the fighter escort on his mission, said: "Their fighters couldn't come up to meet us. Bombs covered the entire target area. Fire blazed up from hits on oil storage and within three minutes smoke plumed up 6,000 feet."

RAF BOMBERS BUST New Delhi, Nov. 25.—(AP)—

RAF bombers blasted a Japanese airfield at Melkita, Burma, south of Mandalay, last night for the second night in succession, starting a number of fires, a British communiqué announced today.

Fugitive From Texas Prison Farm Captured

Austin, Tex., Nov. 25.—(AP)—State police were informed today that Beaumont officers had captured Claude (Cowboy) Henry, convicted slayer whose wife faces execution in Louisiana Saturday, in a rooming house.

Henry escaped from a Texas prison farm Monday. Beaumont is near the Louisiana-Texas line and less than 50 miles from Lake Charles, La., where his wife, Annie Beatrice (Tony Jo) Henry awaits electrocution for the slaying of a Houston, Tex., salesman.

Italy Claims Sinking of Allied Cargo Ships

Rome (From Italian Broadcasts) Nov. 25.—(AP)—The sinking of four allied merchantmen, including a "trans-Atlantic ship" of 20,000 tons, and a destroyer with torpedoes launched from Italian planes and submarines off the Algerian coast was reported today by the Italian command.

Question Driver of Taxi in Kidnaping of Waukegan Baby

Waukegan, Ill., Nov. 25.—(AP)—Police were questioning a taxicab driver today in an effort to trace the kidnaping of a four-months-old baby which disappeared from his buggy yesterday afternoon while his mother was shopping.

Police Chief Bart Tyrrell, describing the case as a "crude" kidnaping, said investigation had uncovered a Waukegan taxicab driver who recalled taking a woman and a baby, dressed like the missing infant, from the Waukegan Victory Memorial hospital to the Zion Home, a hotel in nearby Zion.

Tyrrell said the driver, Oscar Streen, 44, who has only one arm, described the woman as "very nervous" and said she talked constantly during the ride. Further investigation, Tyrrell said, showed that the Baner Cab Company in Zion had a call at 4:15 p. m. to pick up a woman and a baby at the Zion home.

Tyrrell said the Baner driver couldn't remember the call. He was being questioned further.

No Ransom Demands

Tyrrell said that while no ransom demands were made he was satisfied that the baby was kidnaped, possibly by a "fanatic woman." The boy's mother, Mrs. Janette Botsford, 21, told police she had left her son, Gary, in his carriage outside a store while she went shopping.

She told police she was in the store only a few minutes and upon returning discovered the buggy was gone. Police found the empty carriage about a block away. The baby's blankets were not taken from the carriage.

The baby's father is Stewart Botsford, 28, a commercial artist and the police chief said the missing infant was the Botsford's only child. They could advance no theories for their baby being stolen, Tyrrell said.

More Instruction on Ration Books Issued

Washington, Nov. 25.—(AP)—Persons who do not possess war ration book No. 1 must file applications for the coupon book with local ration boards by December 15, the Office of Price Administration said today.

Book No. 1, the familiar sugar rationing coupon booklet, will become valid for coffee purchases at midnight November 28. Not only is possession of the book necessary for the purchase of both coffee and sugar, OPA noted, but will have to be presented to local boards around the first of the year in order to receive war ration book No. 2, the so-called "universal" ration book.

In connection with the gasoline rationing program, OPA urged motorists to endorse their coupons at once rather than waiting to endorse each coupon when making a gasoline purchase at a service station.

The new "write-in" requirement requires passenger car operators to write on the back of each coupon the car license number and state of registration.

Conditioner

Boise, Idaho, Nov. 25.—(AP)—Soldiers at Gowen Field think their invention, commando tennis, is tops as a conditioner.

A tennis ball is tied to a rope and dropped from the ceiling. The soldiers, armed with ping pong paddles, try to knock the ball into each other's face.

What makes the game tough? Each player must wear full field equipment, including helmet, gas mask, pack and rifle, while flailing away at the ball.

Thanksgiving Feasts to Be Most Bountiful in History of Nation

Washington, Nov. 25.—(AP)—Americans may be willing to forego the holiday part of Thanksgiving tomorrow in order to keep war production wheels humming but they apparently are determined to celebrate at a festive table sometime during the day.

Millions will work as usual to keep the planes, tanks and ammunition rolling but when they sit down to dinner it will be to one of the most bountiful Thanksgiving feasts in the nation's history.

Grocery stores throughout the country have been jammed this week as consumers rushed to buy turkeys, chickens, cranberries, vegetables, pastries and all the other trimmings. Never before, report agriculture department officials, has there been so great a demand for food. Possessing a record volume of purchasing power and limited outlets for its expenditure, civilians demanded an unprecedented quantity of good things to eat.

Gasoline Rationing Edict Stands; Rain of Protests Futile

Oil Congressmen Plan To Continue Fight; Hearing Friday

Washington, Nov. 25.—(AP)—A special house committee recommended today a six months' postponement of gasoline rationing in all or at least part of the presently unrationed area "to see what complete voluntary tire saving will accomplish."

The group also suggested that studies of the Office of Petroleum Coordinator and Office of Defense Transportation be utilized in an effort to make sure "that our transportation system throughout the country does not suffer a drastic collapse through premature and forced gasoline rationing."

Representative Anderson (D-NM), chairman of a sub-committee of a 15-man committee created at a bi-partisan anti-rationing caucus of house members last week, made public the recommendations at a house interstate commerce committee hearing.

Representative Martin of Massachusetts, the House Republican leader, today called a meeting of New England senators and representatives for next Tuesday morning to discuss "the eastern oil situation."

An announcement by Martin's office said New Englanders were especially interested in "preventing people from freezing to death."

"Looks Like Hitler Bug"

Representative Sumners (D-Tex.), protesting against nationwide gasoline rationing, said that "this idea of having somebody from Washington telling an individual how to go about his own business looks too much like the bug that bit Hitler."

The people, Sumners told a house interstate commerce sub-committee, are demonstrating voluntarily that they can conserve rubber. He suggested that be permitted to continue on that basis rather than employing gasoline rationing as a basis for conserving rubber.

"I found when I was home something akin almost to a revolution in this country—an upsurge of democracy."

"The people are conscious this

Doll Show to Aid Dixon Goodfellows

By the WA-TAN-YE CLUB

Even though a great deal is said about every man and woman of today having employment and being able to provide for their needs, we still find there is work for Mr. Goodfellow to do as Christmas time approaches. As part of OUR job here on the "home front" we must see to it that Mr. Goodfellow is on the job and doing his bit in bringing Christmas cheer to the boys and girls of Dixon. Boys and girls who still revel in the gaiety of Christmas. We cannot let the axis deprive the children of our community of that part of life which means so much to them.

This year a change has been made in the cast of "Mr. Goodfellow." To continue this worthy while project the Dixon Wa-Tan-Ye Club will cooperate with the Dixon Evening Telegraph in carrying on the good work that has been established during previous years by collecting discarded dolls and toys, to provide Christmas cheer to children who otherwise might be denied this thrill.

In order that the Wa-Tan-Ye Club be able to meet its part in this task, the members will sponsor.

No Individual High Command Is Head of War Production

Washington, Nov. 25.—(AP)—Arguments among some government officials over who bosses the nation's war production were stilled at least temporarily today by President Roosevelt's assertion there is no individual high command.

Present administrators, the president told a press conference yesterday, must work together to solve the problems of production, allocation of materials and scheduling of production. Further, he declared, all the officials concerned with these problems are supposed to agree. And if they don't Roosevelt added, he will put them in a room and tell them to do so.

Commenting on current conflicting reports over who has the final word on production and allocations, the president observed that those who say there will be a single man control over all war production factors are doodle drawing.

Showdown Predicted

Government sources have predicted that War Production Chief Donald M. Nelson's appointment of his vice-chairman, Charles E. Wilson, as top man over aircraft production might lead to a showdown conflict between WPB and military services over control of munitions production.

As matters were going they said, the clash might be expected to determine whether Nelson or military authorities would have the final word on war economy.

In appointing Wilson, former

president of General Electric Company, to the post, Nelson stepped into a field of scheduling and expediting warplane output over which the Army and Navy had sole authority. The president interpreted Wilson's new role as chiefly that of plane production coordinator charged with synchronizing production of parts with that of the skeleton on the plane itself.

For example, he said, Wilson will see whether certain navigation instruments are ready for installation and if some plant is not up to schedule it will be Wilson's job to correct that condition.

other half during the remaining month before the edict's deadline, Dr. Wise said, the nazis were moving some four-fifths of the Jews in Hitler-ruled European countries to Poland. There, he said, nazis doctors were killing them at the rate of "more than 100 men an hour, per doctor," by injecting air bubbles into their veins—"the simplest and cheapest method" they could find.

Dr. Wise who heads the committee, asserted that already the Jewish population of Warsaw had been reduced from 500,000 to about 100,000.

(The Polish government-in-exile reported in London yesterday that Heinrich Himmler, nazis Gestapo chief, had ordered the extermination of one-half of the Jewish population of Poland by the end of this year and that 250,000 had been killed through September under the program.)

ARRESTS IN NORWAY

London, Nov. 25.—(AP)—The World Jewish Congress reported today that 2,300 Jews in Norway had been arrested in a house-to-house manhunt by the Germans and sent to concentration camps preparatory to being put to work in northern Norway or Poland.

Brighton Man Held for
Murder of Policeman

Carlville, Ill., Nov. 25.—(AP)—Paul Alexander Hanold, 24, was held on a murder charge today in the shotgun slaying of Policeman William A. Neubauer, 51, of Brighton.

State's Attorney John P. Madden of Macoupin county filed the charge after Hanold was said by officials to have admitted orally that he shot the policeman following a dispute between them in a tavern over Hanold's failure to procure a license for a dog.

Sheriff Clarence J. Raser said Hanold claimed the officer fired at him first, shooting off the tip of one finger. Hanold surrendered yesterday to the sheriff, 12 hours after the shooting on a Brighton street. A 34-year-old employee of an Alton glass factory, Hanold lived in Brighton.

Finland Says She'll
Continue Payments

Helsinki (From Finnish Broadcasts) Nov. 25.—(AP)—The official Helsinki radio said it was announced today that Finland would continue to repay her war debt to the United States as installments fall due "just as long as Finland can obtain United States dollars for the purpose."

LOCAL WEATHER

For the 24 hours ending at 6:00 p. m. (Central War Time) Tuesday—maximum temperature 47; minimum 36; cloudy; precipitation .03 inches, total for November to date 3.67 inches, total for year to date 31.28 inches.

Thursday—sun rises at 7:57 (CWT), sets at 5:37.
Friday—sun rises at 7:58; sets at 5:37.

The Weather

WEDNESDAY, NOV. 25, 1942

Illinois: Light rain beginning early tonight, turning to snow in north and west central portions late tonight and in southeast and extreme south portions Thursday morning, becoming decidedly colder north and central portions tonight and in extreme east portion Thursday forenoon; freezing temperatures by morning north and west central portions, and to 15 above in extreme northwest portion.

Not all the demands are being met. In some localities the supplies were limited and grocers set up their own rationing schemes. In the case of some foods the overall supply was insufficient. Not all who wanted turkeys, for instance, were able to get them.

Reports indicated that the temporary shortages were greatest in the cases of meat, poultry, milk and dairy products, eggs, some types of fresh vegetables, and some luxury items.

This civilian holiday demand came as the government expanded food purchases for the armed forces and the allies, and authorities debated whether wider rationing of food stuffs should be tried to insure war needs.

There was one item which may be missing from Thanksgiving tables. It was coffee. Sales were forbidden this week as officials froze stocks pending the start of rationing next week.

Details of Hitler's Plan to Kill Jews in Europe Revealed

Over 2,000,000 Already Slaughtered in Nazi- Occupied Nations

Washington, Nov. 25.—(AP)—Details of a campaign which Dr. Stephen S. Wise said was planned to exterminate all Jews in Nazi-occupied Europe by the end of the year are to be laid before a committee of leading Jewish organizations today in New York.

The story—which Dr. Wise said was confirmed by the state department and a personal representative of President Roosevelt—deals with more than 2,000,000 Jews already have been slaughtered in accordance with a race extermination order by Adolf Hitler.

Before leaving for New York to address the committee this afternoon, Dr. Wise, chairman of the World Jewish Congress and president of the American Jewish Congress, said he carried official documentary proof that "Hitler has ordered the extermination of all Jews in Nazi-ruled Europe in 1942."

After a consultation with state department officials, he announced they had termed authentic certain sources which revealed that approximately half of the estimated 4,000,000 Jews in Nazi-occupied Europe already had been killed and that Hitler was wrathful at "failure to complete the extermination immediately."

Delivery of Whipping Cream is Prohibited

Washington, Nov. 25.—(AP)—The War Production Board, acting to conserve fluid milk for consumer use and for manufactured dairy products, today prohibited dairy producers from distributing whipping cream to household consumers, retailers, restaurants, and other institutions.

Coffee or "light cream" is not affected by the order.

Clyde E. Beardslee, chief of WPB's dairy section, said the order would help relieve the most critical butter shortage in 10 years and fluid milk shortages in most sections of the country.

Under the order, no dairy producer may deliver to any person, except another manufacturer of butter, cheese and other foodstuffs, any cream having a milk fat content exceeding 19 per cent. Heavy or whipping cream contains as much as 40 per cent milk fat.

The order becomes effectively immediately.

Roosevelt's Plea for Powers Stalls

Washington, Nov. 25.—(AP)—President Roosevelt's request for wartime powers to suspend immigration and tariff laws was stalled in the house ways and means committee, with a tug-of-war developing over just how much authority should be granted him.

Chairman Doughton (D-NC) called another executive session for today in the hope of reaching an agreement, but acknowledged "there is a considerable divergence of opinion on what we should do and how we should do it."

Some members demanded that the committee define specifically the statutory laws and supplemental regulations which the chief executive could suspend if he found it necessary to help win the war.

An attempt to tack on a rider wiping out the president's executive order limiting earned income to \$25,000 after taxation ran into a parliamentary snarl.

After the amendment had been proposed behind closed doors, Doughton consulted house parliamentarians and was told it would be ruled out of order as irrelevant.

American parachute troops guarding an airfield in the south were officially credited with engaging an axis mechanized column and taking a number of prisoners.

Meanwhile, American P-38 fighter planes raged the skies over the axis-invaded colony, hunting down German and Italian concentrations, strafing troop columns and battling growing numbers of axis aircraft.

Death of Only Son in Action Awakens Workman to Speed

Today is the sixth anniversary of the anti-comintern pact but the resurgence of the Red army in its winter offensive cast a pall over any celebrating the pact members may have had in mind.

A year ago today as the membership was broadened to 13 in a festive ceremony in Berlin, the German foreign minister, Joachim von Ribbentrop, proclaimed proudly that following the "gigantic events in the east" Communism without a doubt had received a blow from which it never would recover.

Among the "gigantic events" was the fact that the German army was literally hammering at the gates of Moscow. A year ago the Germans were announcing that their forces stood just 31 miles from the Soviet Capital.

Winter and the Red Army turned back that thrust and the peril to Moscow was relieved, never again to assert itself again in the year which has passed.

But a year ago the German press spoke only of "a determined continuance of the campaign in the east for the complete destruction of Bolshevism" and a real occasion was made of the anti-comintern pact anniversary.

Germany and Japan were the original signers, getting together on Nov. 25, 1936, to bind themselves to inform and consult with each other and execute cooperative action to combat Communist international activity and to take other measures in a campaign

While the Russians threatened Adolf Hitler with his greatest military disaster of the war, Britain's Foreign Secretary Anthony Eden told Parliament in London that the battle for North Africa had reached "an exceedingly critical phase."

Capping this ominous statement, however, Eden declared: "The British First Army, strongly supported by United States forces, is making its way eastward over enormous distances with the utmost possible speed."

Hitler's high command reported heavy air blows against the British in Libya and the allies in French North Africa, but said there was "no fighting of importance" on either battlefield.

A Reuters (British) dispatch said a mammoth German transport seaplane, capable of carrying 80 fully-equipped soldiers, was shot down into the sea yesterday off the Tunisian coast by long-range RAF fighters from Malta.

Nazis Land Reinforcements

Other reports said the Germans desperately seeking to hold the key North African buffer state had landed still more troops at the back door of their Bizerte-Tunis perimeter of defenses and were throwing heavy reinforcements into southern Tunisia.

Without confirmation else where, the Berlin radio asserted the British 1st Army had "suffered a severe setback in its attempt to gain ground in the Tunisian-Algerian frontier area."

The broadcast said German and Italian tank troops ambushed British tank spearheads and several motorized columns in the coastal mountains.

Allied dispatches pictured the struggle as nearing a showdown clear across Tunisia from the Algerian-Tunisian frontier region, with the axis entrenched in a 30-mile deep zone along the northeast coast.

A spokesman at United Nations headquarters in North Africa said U. S. Army troops and French Legions drove back a German screening force southeast of Tunis, the capital, while British troops compelled a similar axis screen to retreat in the north around Bizerte.

Information on Fuel Oil, Kerosene, Etc. Given Out by Board

The Lee County Rationing Board today gave out the following information regarding fuel oil, kerosene and tractor oil. Coupons are being mailed out as rapidly as possible. Due to the large volume of work on the heating applications, the cramped quarters in which the board works, and the limited help, it will be impossible to have more than a small part of the fuel oil coupons for heating mailed out by the first of December. It is suggested that anyone who will need fuel oil for heating soon after the first of the month try to get their dealer to fill their tanks before that date.

The board emphasizes the following points regarding fuel oil and kerosene coupons. Coupons are not good if detached. On each sheet there is a printed serial number and a place for the consumer to sign his name. The dealers are instructed not to honor any coupons if the sheet has not been signed, and if the serial number has not been written down on each coupon. The consumer must write this number on the coupons, as the rationing board does not do that.

John S. Archer of Compton was a caller in Dixon this morning.

Thanksgiving Prayer

Dear Father, it seems so difficult To very Thankful be In a world so filled with hatred's sting, With woe and misery When war's black, greedy, bloody hand Reaches into our hearts and homes And steals away our loved ones dear To face grim trials unknown.

And yet, Dear Lord, it's for little things That we give Thee praise today.

For the clasp of a hand, and friendship's smile, And memories of those far away.

For the comfort a letter can always bring, From our boys where'er they may roam.

For the privilege of keeping the homefires bright Till our dear ones come marching home.

And too, Our Father, there are big things left That we humbly thank Thee for.

A land of plenty and freedom's flag That floats from shore to shore.

But most, we thank Thee for Jesus our Lord, And for the comfort of trusting prayer.

God keep our loved ones in the hollow of Thy hand Give Thy peace beyond compare.

road between Agedabia and El Agheila.

There was still no indication whether Rommel would attempt to rally his broken Africa Corps for a stand in the narrow El Agheila defile or whether he would fall clear back to Tripoli, 400 miles west.

On the Russian front, while the main soviet spearheads raced westward, scoring a 25-mile advance in one thrust yesterday, a Red army column drove down along the Volga from the north and joined Stalingrad's garrison in the north side factory district, the Russian command announced.

Nazi Collapse Clinched

The break-through laid bare the upper flank of dwindling nazi forces still fighting inside the Volga metropolis and virtually clinched the collapse of the three-month-old siege.

Cheered by this relief, defenders of the ruined city pushed ahead in their own offensive, clearing out several dozen nazi blockhouses and killing 900 invaders.

While there was no confirmation of Stockholm reports that the Germans had ordered a general withdrawal from Stalingrad, British military quarters in London declared the nazi siege armies were in an "awful position."

Both the soviet command and Red Star, the Russian army newspaper, indicated that German morale was deteriorating rapidly, with the nazis abandoning vast stores of material, including tanks, automobiles and even airplanes.

Deaths

MISS MABEL GUSTAFSON

Dixon friends of Miss Mabel Gustafson, former teacher in the elementary schools of this city, have learned of her death Monday in a Glenn Ellyn hospital, after a short illness. Funeral services were held today in DeKalb, her former home, with entombment in the mausoleum there.

Stoddard Danekas of Reynolds township was a Dixon business visitor this afternoon.

George Webber of Viola township was in Dixon today on business.

Mabel Luke and Denton Tennant Exchange Vows

Bronze and yellow chrysanthemums, against a background of palms and ferns, were placed at either side of the candlelit altar of the First Methodist church this morning for a wedding ceremony in which Miss Mabel Irene Luke, third daughter of the E. F. William Lukes of rural route 1, Harmon, exchanged nuptial vows with Denton La Verne Tennant, only son of Mr. and Mrs. Herbert Tennant of 508 Ottawa avenue. Only the immediate families of the bride and groom and a few close friends were present to witness the single ring ceremony, solemnized at 11 o'clock by Dr. F. L. Blewfield.

Crawford Thomas, church organist, played a prelude of nuptial songs, as the guests were assembling. He also accompanied Miss Gertrude Kirkpatrick, soprano, who sang two solos, "Ah, Sweet Mystery of Life" and "I Love You Truly." The Lohengrin wedding march was the signal for the entrance of the bride party, and the couple left the altar to strains of Mendelssohn's recessional.

This morning's bride wore a two-piece dress of winter white serge, with a white pill-box hat trimmed with veiling and ostrich. Her arm bouquet contained white roses. Mr. Luke gave his daughter in marriage.

Mr. and Mrs. Chester Eden came from Shabbona to attend the couple. Mrs. Eden, as her sister's matron of honor, was dressed in pastel blue with black accessories. Murray Newcomer of this city and Raymond Eden of Lee were ushers.

The bride's mother was attired in black with white trim, and Mrs. Tennant, the bridegroom's mother, also chose black. Their corsage bouquets were formed of pink carnations.

The Lukes gave their daughter's wedding breakfast at their country home. Pink rosebuds adorned the three-tiered cake on the bride's table, with pink and white mums at either side. Miss Edna Gerdes of Dixon assisted with the serving.

When Denton and his bride left later for Chicago, the new Mrs. Tennant was wearing a two-piece dress of fuchsia crepe with black accessories. After the first of the week, they will be at home in an apartment they have taken at 610 North Galena.

Mrs. Tennant was graduated from Amboy Township high school with the class of 1934, and for the past six years, has been employed as stenographer at the F. X. Newcomer company. She is a member

of the Junior Woman's club. The bridegroom, an alumnus of Dixon high school, is with the Slothower hardware.

Out of town guests attending the wedding included the bride's sister, Miss Josephine Luke of Rockford, and Mrs. Hannah Eden of Lee.

SUNDAY GUESTS

Mrs. Onie Alexander and W. W. Wooley entertained on Sunday for Mr. and Mrs. Arthur Lockwood, Mr. and Mrs. Junior Lockwood and daughter Sandra Lee of Maywood and George Lockwood of Brookfield, Mo.

ENTERTAIN FOR MISS EICHLER

A waffle iron was the bridal gift awaiting the honoree, when Mrs. Lyle Snader and Miss Jean Bovey entertained at dinner last evening at The Coffee House, in courtesy to Miss Mae Louise Eichler, fiancée of Thomas Clayton Griffin of Washington, D. C. A theater party followed the dinner.

In the party were Mrs. Allan Boyd, Mrs. Robert Bovey, the Misses Anna Jean Crabtree, Barbara Campbell, Miss Eichler, and the hostesses.

BRIDGE HOSTESS

Mrs. John Gray of Stevens Point, Wis., Mrs. Robert R. Schaller of Des Moines, Mrs. Roy Ide, Jr., and Mrs. Nell Fox held guest tallees at the card tables, when Miss Helene Krug entertained her fortnightly contract club last evening. Sharing score favors at the close of play were Mrs. Robert Lesage, Mrs. George Nichols, Mrs. Kent Leeper and Miss Krug.

Mrs. Leeper is to be the next hostess.

PASTOR ADDRESSES MOTHERS CLUB

Housing, child labor, juvenile delinquency, difficulty in obtaining help, and other problems confronting an over-crowded city in a defense community were discussed by the Rev. R. W. Ford, pastor of the First Christian church, before members of the Young Mothers' club last evening at the home of Mrs. C. R. Collins.

The speaker pointed out the

need for recreation centers for school-age children and well-serviced nurseries. He also made suggestions concerning the part that churches and clubs could play in meeting the need, and reported that 91 1/2 percent of children in the Dixon schools are enrolled for instruction in Christian education.

Refreshments were served the close of the meeting.

"Praying, Not Preaching"

"Anyway I'm fed up with all this talk about a 5 or 10 year war. There's no sense to it. We can win this war quick. We've got to. If we don't our boys will be killed like mine was."

"So put those 5 and 10 year thoughts out of your head. Finish our refrigeration machines for the synthetic rubber program this month—not next. Keep our portable cold storage line going 24 hours a day—not 16 or 20."

"Sure this means sacrifices. It's no fun to work the night shifts. It's not easy to put 10 per cent of your pay into war bonds. None of us go for gas and fuel and food rationing."

"But these are nothing compared to losing someone you love. I know, x x x"

"I hope you won't think I'm preaching. I'm not, I'm praying."

against world Communism. Out of this grew the axis alliance of today.

Italy added her name to the partnership a year later; Manchukuo and Hungary joined in February, 1939; Spain signed up in March, 1939. Then, in one fell swoop, as the success of German arms in the east stood at high tide, the membership was more than doubled on the fifth anniversary and the pact was renewed for five years. The new adherents were Bulgaria, Denmark, Finland, Croatia, Rumania, Slovakia and Japanese-dominated Nanking-China.

Numbers, however, have not lent strength to the partnership.

While the original signatories insisted that the pact was not a military instrument and was not pointed at the soviet union, as distinguished from the Third International, it has taken on military implications in a world at war. Italy's foreign minister, Count Galeazzo Ciano, for instance, said at last year's Berlin ceremony that it was not only Bolshevism that

Special Meetings
Rev. Frank Coats, minister at the Garfield Park Methodist church in Chicago will be the speaker at a series of special meetings to be held from Nov. 29 Dec. 4 at the Methodist church. Rev. Coats, who came to a Chicago "blight area" from the west, is worked for nine years in one of that city's most difficult sections. He is commander of the eastern post of the American Legion, chaplain of the Second district of the American Legion, chapman of Illinois and also chaplain of Voiture No. 220 of the 8 & 8.
Mr. Coats' entire life has been full of adventure and risk, whether with the rough characters of the frontier or with the had men of Chicago's underworld. Few men have had so much of the painful and ugly things of life packed into so short a span of years. He comes to Polo not only as a minister of the church but as a close personal friend of Rev. Theodore Loeppert, pastor here.

Thanksgiving

ANNO DOMINI .. MCMXLII

It is a day when heads will bow in reverence to a kind Providence. And though the world is at war and the powers of evil seemingly hold nations in their grasp, we in America are thankful for the opportunity given us to serve in the cause of freedom.

We are thankful that our fighting forces are waging battle relentlessly; that our army and navy are engaged in a just cause; that our marines are striking telling blows; that our planes soar through treacherous alien skies to seek the enemy.

We are thankful, too, that we at home are permitted to help fight the good fight; that we have the privilege of supplying our armed forces with the sinews of war and that we may continue to do so until victory is won.

And we are thankful that America's railroads cheerfully accept their responsibility; that here at "North Western" some 32,000 employees are keenly aware of the importance of their work in the war for freedom... a war that shall end only when the forces of evil are consumed in the fires of their own greed and lust.

Fighting Spreads in Tunisia; Major Clash Draws Near

Opposing Forces Spar for Openings; Patrol Troops Engaged

By The Associated Press
London, Nov. 25.—American, British and French forces were reported roaming the length and breadth of Tunisia today, clashing occasionally with enemy patrols in short but violent engagements and preparing the ground for a final and bitter reckoning with the axis in Africa.

Long-range American P-38 fighters ranged the skies above the ground troops, seeking out German and Italian concentrations, attacking troop columns and trains and occasionally engaging axis planes. Four German planes were shot down and a troop train was riddled by these fighters near Gabes yesterday.

A Reuters dispatch said today that a mammoth German transport seaplane, capable of carrying up to 80 fully equipped soldiers, was shot into the sea yesterday off the eastern coast of Tunisia by RAF long-range fighters from Malta.

The dispatch called the craft a Blohm & Voss 222—apparently a huge new type by the makers of flying boats which the nazis used experimentally for flights across the Atlantic before the war.

Three RAF fighters sighted it north of Linosa island, midway between Tunisia and Sicily, flying northward and unescorted, presumably returning to Sicily after having landed enemy reinforcements in Tunisia.

Nazis Seen in Water

Later, when fighter planes from Malta shot down a JU-52 German transport plane in the same area, troops were seen struggling in the water.

British observers, meanwhile, said that both the British Eighth Army in Libya and the allied army in Tunisia have built up their forces for a crushing blow at both ends of the extended German lines which would be launched at any minute.

Advices from authorized spokesmen, however, have indicated a longer period of preparation for the admittedly tough assignment.

Reports of engagements between

Nelson (center), marine corps commandant, looks on. (NEA Telephoto.)

patrols of the opposing armies in southern Tunisia and the aerial attack on an axis troop train near Gabes, little more than 100 miles from the Libyan border, suggested that the Germans are throwing heavy reinforcements into southern Tunisia and probably the key port of Tripoli too.

If true, it may be difficult to separate the humbled African Corps withdrawing westward in Libya and the swiftly gathered forces in Tunisia.

French Patrols Busy

French patrols in southern Tunisia under the command of Gen. Henri Giraud were reporting yesterday continued scouting activity against an apparently increased infiltration of Germans there.

American parachute troops guarding an airfield in the south engaged an axis column of mechanized troops and took a number of prisoners, a spokesman at allied headquarters in Africa said. The Germans have been patrolling throughout the country and most

of the clashes have resulted from the sudden and unexpected meeting of these forces.

Dispatches from African headquarters said the Germans still were entrenched in an arc around Bizerte and Tunis, controlling an area extending some 25 to 30 miles outside the two cities. In this northern area of Tunisia British forces "drove back a German advance screen, while French and American units forced a similar screen southwest of Tunis to retreat," an official spokesman said.

Paralysis Victim Hums Tune for NBC

New York, Nov. 25.—(AP)—Joseph Trapani, 27-year-old metal painter, a paralysis victim, can't read or write music.

But he can hum.

From his hospital bed, Trapani began to hum his own tunes, and soon he heard hospital employees humming them, too.

Trapani had a student nurse to write David Sarnoff, president of the National Broadcasting Company, asking for someone to come over and put his melodies on paper.

Fred Weper, NBC arranger, visited Trapani, and turned in a favorable report on the music. Then, Samuel Chotzinoff, director of the NBC music division, called and Trapani dictated the notes of a song by humming.

The result: Trapani's tune, "It Isn't My Eyes That Cry, It's My Heart", will be heard on a radio program Friday.

Union Thanksgiving Service Tonight at Grace Evangelical

Protestant Churches of Dixon to Participate; Sermon by Blewfield

The annual Thanksgiving service, sponsored by the Dixon Ministerial Association, will be held in the Grace Evangelical church, North Ottawa and East Fellows, Geo. D. Nielsen, minister, tonight at 7:45 o'clock, with the various Protestant churches of Dixon participating.

The sermon entitled "Why Be Thankful?" will be given by Rev. F. L. Blewfield. Other ministers taking part in the service include: L. W. Walter, invocation; H. J. Doran, scripture reading; R. W. Ford, prayer; the reading of the presidential proclamation, C. L. Wagner; R. S. Wilson, benediction.

Special Music

The Senior choir of Grace church, Mrs. R. Herbert, director, will sing "Give Thanks Unto the Lord" by Carrie B. Adams. The church's Ladies Tiro, consisting of Mrs. R. Herbert, Mrs. W. Schreiner, and Mrs. K. Seiler, will sing "How Lovely Are Thy Dwellings" by Fearis. Mrs. R. F. Krahler is the organist and will play "We Give Thee Thanks" by Lawrence, for the prelude. "The Nightingale and the Rose" by Saint-Saens as the offertory, and the postlude will be "Fanfare in G Minor" by Ashford.

A cordial invitation to attend this community-wide Thanksgiving Service is extended to all. "It is a good thing to give thanks unto the Lord."

Old Age Assistance Payments Increases

Springfield, Ill., Nov. 25.—(AP)—The rising cost of living has resulted in a substantial boost in average awards to Illinois' 150,811 old age assistance recipients. Awards averaged \$27.48 each this month, compared with \$24.27 in November last year, it was announced today by Wallace W. Clark, acting superintendent of the state public assistance division. Payments are based upon proved need.

The awards of state-federal aid for this month totalled \$4,143,716, a gain of about \$20,000 over last month despite the fact that the number of recipients declined by 161 in November, the first drop in the size of the rolls in two and a half years.

"The increase of \$3.21 in the amount of the average award during the last year is due to rising living costs," Clark said. "Our tables show a 14 per cent rise in food costs of old age assistance recipients, and dents and other costs have gone up, too."

Families receiving aid to dependent children awards increased by 1,151 to \$24,566 in November, Clark reported, with ADC payments averaging \$32.50 per family and \$14.36 per child. The total for November was \$798,473. The state and federal governments also share the responsibility for this form of aid.

9 Ill. Military Camps Publish Regular Papers

Springfield, Ill., Nov. 25.—Nine military establishments in Illinois are publishing newspapers regularly, it was announced today by Paul M. Angle, Secretary of the Illinois State Historical Society. Most of them are weeklies and vary from small sheets printed with mimeograph to one done on fine book paper.

Six are edited and published by the personnel at one navy and five army posts. Others are sponsored by employees of ordnance plants.

We Can Give Thanks Every Day

Officers and members of the society, in cooperation with the Illinois Historical Library, are undertaking to preserve these and other publications which will assist in the preparation of histories of the war.

In the list are Great Lakes Bulletin, Fort Sheridan Tower, Camp Grant Sentinel, Scott Field Broadcaster, Chanute Field Wings, the Bomb-Shell, printed at the Elwood ordnance plant; Green Riverite, Green River ordnance plant; Sangamon Ordnance Plant News Letter, and Air-Gram, army air force storage depot.

Industrial Employment in Illinois Increases

Chicago, Nov. 25.—(AP)—Industrial employment in Illinois increased 1.7 per cent and payrolls 4.9 per cent from Sept. 15 to Oct. 15, Francis B. Murphy, state labor director, announced yesterday.

In Chicago, Belleville, Bloomington, Decatur, Granite City, Joliet, Kankakee-Bradley, Moline, Peoria area, Quincy, Rockford, Rock Island, and Sterling-Rock Falls, increases in both brackets were noted.

Only in the LaSalle-Peru-Oglesby area were decreases recorded in both categories.

Navy to Receive 800 Murder, Suicide Guns

Chicago, Nov. 25.—(AP)—A total of 600 shotguns and 200 revolvers collected by the Cook county coroner's office since 1931 in suicide and murder cases are to be turned over to the navy.

A ninth naval district officer of war plans and ordnance will accept the weapons.

Ecuador's Loyalty to United States Pledged

Washington, Nov. 25.—(AP)—President Carlos Arroyo Del Rio of Ecuador, whose country is co-operating in defense of the Panama canal, told the house Tuesday that Ecuador was "loyal, fraternal and strong" in its link with the United States.

Arroyo spoke briefly after being greeted with a standing round of applause.

The Ecuadorian chief executive arrived by plane yesterday in response to a special invitation from Roosevelt. He was welcomed by the president, cabinet members and military leaders.

President Arroyo has been a strong advocate of Pan American solidarity. His government broke relations with the axis Jan. 29 and allowed United States forces to fortify Galapagos islands and the Santa Elena peninsula which juts out into the Pacific about midway of the western bulge of South America.

Undue Hardship Being Worked on Men College Students, Says Willard

Champaign, Ill., Nov. 25.—(AP)—An "undue hardship" is being visited upon men college students by Washington's failure to supply a plan for their educational future in the light of the lowered draft age, President Arthur Cutts Willard of the University of Illinois said yesterday.

"So far as I can learn," said statement by Dr. Willard, "word of a definite nature has been received by college executives anywhere. Failure to announce definite plan is working undue hardships on students, their parents and the colleges and universities in general."

Plans of the armed forces send picked men to college, Willard continued, had not been clarified.

"The result has been that hundreds of the men of the country have withdrawn from college to enlist in the various services x x x rather than await the uncertain future."

"My own advice to parents x x x is that young men should to advantage of whatever college training they can get, even though it is but for a few months."

Illinois Prison Guards Pay Increase Proposed

Chicago, Nov. 25.—(AP)—Illinois prison guards may become the second highest paid in the nation if proposals approved by members of the Illinois budget commission yesterday become law in the next session of the legislature.

The proposed pay would range from \$150 to \$180 a month, including \$32 for maintenance.

Before the recent prison break of Roger Touhy and six other long-term convicts from Stateville penitentiary, the pay was \$109, was raised soon after to attract more capable men.

Only California pays wages higher than the proposed scale.

Green Gander Honors Toni Harding

The Homecoming edition of Green Gander, a magazine of collegi- ate life at Iowa State college, published by the Ames chapters of Sigma Delta Chi and Theta Sigma Phi, featured the above photograph of Toni Harding of Morrison, Ill., as "Football Girl for 1942." Toni, winner of the Rock River Valley Beauty Queen title of Dixon's Lou- ella Parsons-Ronald Reagan Day a year ago, was selected by a jury of judges composed of the maga- zine's editorial staff, headed by Frank C. Murphy, editor.

It is the Green Gander's policy to feature one or more outstand- ing coeds in every issue. Toni's campus activities at Iowa State include Bit and Spur, women's riding club; and the College Sym- phony orchestra. She is a fresh- man, enrolled in home economics,

and is a pledge of Gamma Phi Beta social sorority.

An American Woman's Thanksgiving

Woman's Editor of The Christian Science Monitor
Women's Editor of The Christian Science Monitor

I am thankful for the Founding Mothers as well as the Founding Fathers of this country.

I am thankful for those brave women who, beside those brave men, faced the uncertainties of a long ocean voyage and life in a new land.

I am thankful for the ideals which gave them inspiration to begin their journey, and strength to achieve their goal — ideals which those noble men and women passed to their children, and their children's children, until today we cherish them as our own.

I am thankful that, because we know the blessings of a world built on those ideals, we stand today as a people, opposed to the blindness and tyranny that would crush them.

I am thankful that those ideals, passed from mother to son, have been gloriously exemplified at Bataan, at Midway, at Pearl Harbor and on all our far-flung battle fronts.

I am thankful that tenderness and mercy go side-by-side with dauntless courage and strength in the hearts of America's sons in service, even as the American woman stands beside the American man in this conflict.

I am thankful for faith's assurance that, beyond the darkness of Today, is the sunlight of Tomorrow "with liberty and justice for all."

Concert Singer

HERBERT J. CHAMPAIN

Mr. Champain, a native of Frankfurt, Germany and now a resident of Dixon, will be heard in recital at 8 o'clock Thanksgiving night at the First Presbyterian church. Olive J. Joslyn, another Dixon musician, is to appear as accompanist for the program, arranged as a benefit for the church treasury.

Mr. Champain, former member of the nationally-famous Madrigal chorus, studied at the Music college of Frankfurt-on-the-Main, was soloist with the Grand Opera company at the Berliner theater in Berlin for four years, made a number of concert tours, and was presented in many oratorios. Since then, he has been teaching voice, having come to this country on July 4, 1937.

Mrs. Joslyn, director of music at the First Presbyterian church here, received her musical training at the Sherwood Music school and the American Conservatory in Chicago. Before coming to Dixon, she was a faculty member at the Austin College of Music in Chicago, and taught piano in her private studio in the loop.

The public is invited to hear to-morrow evening's program.

Kathryn Smith Receives Gifts at Shower Party

Miss Helen Coss and Mrs. Lowell Whitebread entertained last evening at the latter's home, complimenting Miss Kathryn Smith, whose marriage to Pvt. Harold Wade of San Antonio, Texas, formerly of Sterling, is to take place in late December.

Tables were placed for bunco, with Geneva Hanley, Mrs. Kenneth Buzard, and Miss Smith sharing favors. Opening of the honoree's shower gifts was followed by refreshments.

Miss Smith's gift cards read for Mrs. John Smith, Mrs. Kenneth Buzard, Mrs. Oscar Smith, Mrs. John McClanahan, Mrs. Everett Kested, Mrs. Elliott Schoenholz, Mrs. Wayne Dingman, Mrs. Earl Kelchner, Mrs. Lowell Whitebread, Florence Bushman, Lydia Dennison, Geneva Hanley, and Miss Coss.

DIXON WA-TAN-YANS WILL ARRANGE DOLLS FOR TWO-DAY SHOW, FRIDAY NIGHT

All business and professional women of Wa-Tan-Ye are asked to bring their dressed dolls to the Elks club at 7:30 o'clock Friday evening to complete arrangements for the chapter's two-day Doll Show, which is to open Saturday afternoon in the clubhouse basement.

There are additional dolls to be clothed, too, and may be obtained by inquiring at the Bales and Wilhelm barber shop. The show is to open at 2 p. m. Saturday and the doors will remain open until 8 o'clock that evening. On Sunday,

Ohio Couple Is Wed at Church

Miss Mabel Johnson, daughter of the H. R. Johnsons of Ohio, Ill., became the bride of John V. Keleher, son of the late William Keleher of Ohio, Saturday morning at the Church of the Immaculate Conception in Ohio. The Rev. Father J. T. Clancy performed the single ring ceremony and celebrated the nuptial high mass.

Miss Margaret Gugerty and the bridegroom's cousin, Clement Keleher, attended the couple.

The bride wore a street dress of powder blue with gold accessories, and a shoulder corsage of gardenias. She carried a blue cut crystal rosary that was a gift from her bridegroom.

Miss Gugerty also selected gold accessories for her dark brown dress. At her shoulder was a corsage of Souvenir roses, and her amber cut crystal rosary was also a gift from the bridegroom.

The bride's mother wore black with white accessories, accented by a corsage of Kilarney roses.

Mrs. William Doran presided at the organ. The senior choir sang Gounod's Mass in C, and at offertory, Miss Mary Alice Quinn, cousin of the bride, and Dale Doran, sang Ave Maris Stella.

The church altars were decorated with yellow and white chrysanthemums. Thomas Gugerty and James Loan were ushers.

After the ceremony, a wedding breakfast was served to the bridal party and 40 guests at the Hotel Nachusa in Dixon. Miss Mary Alice Quinn entertained the breakfast guests with several vocal solos, and Bernice Foley presented selections on the accordion.

Following a brief wedding trip, Mr. and Mrs. Keleher will be at home at the Keleher residence in Ohio. The bride was graduated from St. Joseph's academy. Mr. Keleher received his education in the Bureau county schools, and at present is employed by the Stewart Warner corporation of the Green River ordinance plant.

Dixon Prepares to Observe Thanksgiving Holiday With Informal Family Gatherings

It looks very much as if no one would be traveling by sleigh "through the white and drifting snow" to join Thanksgiving family reunion parties tomorrow; but no matter the weather, parties will be held in as many instances as gas rationing and other wartime complications permit. With no priorities on his head as yet, King Turkey is expected to reign in the traditional manner on most holiday dinner menus for Thanksgiving Day. Soldier sons who'll be home to eat turkey are a special source for thankfulness to be a number of family circles, as "Home for Thanksgiving" has a deeper meaning this year than ever before.

Ushering in Dixon's holiday festivities tonight will be the fourteenth annual Thanksgiving dance of Dixon DeMolays, who will entertain at Brinton Memorial Masonic temple from 9 o'clock on, Herbie Palmer's DeKalb band has been engaged for the occasion, which is open to the public, with a special invitation to newcomers.

Thanksgiving morning will see the George Campbells, their daughter, Barbara, Mr. and Mrs. George Fries and children and the Charles Howards off for Glen Ellyn to spend the holiday with Mr. and Mrs. Richard Shanks and their two little daughters, Barbara and Susan.

The family of Mr. and Mrs. Edward Myers of 515 East First street will be together for Thanksgiving instead of Christmas this year, because their soldier son, Pfc. Galen Myers, and Mrs. Myers are at home during his leave from Buckley Field, Denver. Circling the Myers' table at dinner tomorrow will be Mr. and Mrs. Eldon Myers and son Bobby, Mr. and Mrs. Temple Myers and son Larry, Mr. and Mrs. Lyle Myers and son Jimmy, Mr. and Mrs. Charles Myers and sons Tommy and Billy of Freeport, Pfc. and Mrs. Galen Myers, and Mrs. Laura Beghtol.

With the Burnham Hockadays of Evanston, formerly of St. Louis, will be Dr. and Mrs. Z. W. Moss of this city, the John Stagers and their daughter, Joan, of Sterling, Mr. and Mrs. Charles Cecil of Glen-coe, and Mr. Hockaday's mother, Mrs. Grace Hockaday of Kansas City. First Lieut. and Mrs. Grover Moss won't be home for Thanksgiving. They are residing at Richmond Hill, Ga., a housing area arranged by Henry Ford for officers in service, and "Dode" is stationed at the station hospital at Camp Stewart, about 25 miles distant.

Mrs. John Gould Ralston and her debutante daughter, Joan, left last Thursday for Washington and New York. They expect to spend tomorrow in New York City with Mrs. Ralston's younger daughter, Lucile, who is attending the Masters school at Dobbs Ferry, Mrs. Ralston and Joan probably will be returning to "Reynoldwood" on Sunday.

Mr. and Mrs. Donald R. Alton have planned Thanksgiving dinner for James Osborn and Malcolm and Arthur Temple. On Saturday afternoon, the Altons and Mr. and Mrs. Bernard DeVries will accompany "Mike" and Arthur to Davenport, Iowa where the Seth Temples will be entertaining with a belated Thanksgiving dinner on Sunday. Mr. Osborn, who has been with the Green River ordinance plant, expects to return to Grand Rapids, Mich., during the week end to join Mrs. Osborn.

The Frank Browns of Grand Detour will be entertaining her parents, the W. A. Guynns of Grand Detour, and Miss Jean Brown of Rockford at dinner. Miss Ruth MacDonald is expected out from Chicago this evening to spend tomorrow with her parents, the L. G. MacDonalds.

John E. Ballard of Anderson, Ind., who is attending Northwestern medical college, is to be the holiday guest of his brother-in-law and sister, Dr. and Mrs. James M. Miley. The Misses Dora and Harriett Breed and their brother, Ellis have invited the Gordon McDonalds and their children, Harry and Loreata Ann, to the Breed home for Thanksgiving dinner.

Mr. and Mrs. Charles Ortgiesen, Mr. and Mrs. Frank Ortgiesen and Mrs. Mary Stratton are to be with Mrs. Charles Barton and her daughter, Miss Esther, for turkey dinner tomorrow. The Clarence Vroegindeweys and their daughter, Lynn, Mr. and Mrs. John Haines, and Mrs. Robert Bovey will be guests of the Frank Kreims.

Mrs. Walter Page is here from Scarsdale, N. Y., to spend Thanksgiving with her mother and sister, Mrs. A. G. Burnham and Miss Edna Burnham. She plans to remain in Dixon for another week.

Miss Ruth Straw, who attends Eureka college at Eureka, Ill., is among collegians who will be home for Thanksgiving. Her parents, the Verne Straws, will be entertaining at dinner for Mr. and Mrs.

Carl Straw and daughter Shirley, Mr. and Mrs. Robert Straw and son David, Mrs. Emma Seyster, Jesse and Clarence, and Mr. and Mrs. Donovan Anderson.

The family dinner of the Howells will be served at the R. M. Ferguson home this year. Circling the table will be Mrs. E. N. Howell, Capt. and Mrs. Cal G. Tyler and son, George, Mr. and Mrs. Hubert Howell, Mrs. Beatrice Lanphier, George Howell, and the Fergusonsons.

Dr. and Mrs. Charles F. Read of Elgin will come to Dixon to spend Thanksgiving, as guests of Dr. and Mrs. W. G. Murray. The Victor Eichler family will be with his mother, Mrs. Adolph Eichler.

Boarding a streamliner at Oregon this evening for Minneapolis will be Mrs. L. C. Street and her two daughters, Mrs. William Watson and Miss Evelyn. They plan to remain in the north with the Horace Streets until Sunday.

F. L. Stephenson and his daughter, Mrs. Roy Husbands, will be arriving this afternoon from Chicago, to remain until the week end with the George Lindquists. Mrs. Husbands, a bride of a month, is a sister of Mrs. Lindquist. The couple were in Dayton until last week, when Captain Husbands, who is in the air force, left for Rome, N. Y., to await assignment to a post in the south, where Mrs. Husbands will join him later.

Mr. and Mrs. Robert K. Schwab of 1017 East Chamberlin street will entertain Mrs. Schwab's parents, the Irving S. Florshims, and her grandmother, Mrs. Milton Florshim, of Chicago.

Mrs. H. U. Bardwell will be spending the holiday in Barrington with her son and daughter-in-law, the William Bardwells. Mr. and Mrs. W. N. Gorham will be guests of relatives in Wilmette.

Miss Elizabeth Davies will be at home from the University of Wisconsin in Madison, and her parents, Mr. and Mrs. John Davies, are entertaining at dinner.

Mr. and Mrs. Robert E. Shaw's Thanksgiving Day guests will number Mrs. Shaw's grandmother, Mrs. Frank Galt, Mr. and Mrs. John Dillon and son and daughter, John and Elizabeth, and Hunter Wood of Sterling, Mrs. Watson Gooch and children, Mary and Hunter, of Roanoke, Va., and Miss Anne Eustace of Dixon. The Douglas Shaws and Harold Greens will be out from Chicago to spend the holiday with the Ben T. Shaws of Bluff park, and the George B. Shaws of Bluff park will be entertaining Mr. and Mrs. Robert Burchell and two children of Moline, Mrs. L. M. Shoecraft of Erie, and Mrs. Eustace E. Shaw.

Mr. and Mrs. A. J. Tedwall will entertain tomorrow for Mr. and Mrs. B. V. Elder of Chicago and the Edward Andersons of Dixon.

Mr. and Mrs. M. M. Miller will join her brother and sister-in-law, Mr. and Mrs. George Jaeger, at Peoria this week end for a belated Thanksgiving dinner. Last week end, the Millers were guests of friends in Waukegan.

Mr. and Mrs. Andra Tilton of Oregon will be coming to Dixon tomorrow to spend Thanksgiving with their son and daughter-in-law, the E. K. Tiltons of East Chamberlin.

Mr. and Mrs. Herman Rasch and the Arthur Hills are to be holiday dinner guests of the William Treins. Mrs. Hettie Dawson has gone to Cincinnati, Ohio to spend Thanksgiving with her son. Mrs. Zoe Osborn Latham is to be with the Palmer family in Sterling tomorrow. Mrs. S. W. Lehman of Bluff park has also been invited to Sterling by friends. Mrs. Frank Rosbrook will be with Mr. and Mrs. F. G. Shepard in Evanston. Mrs. Rosbrook's sister, Mrs. Curtis Clark of Pittsburgh, Pa., is also in Evanston and will return to Dixon with her for a visit.

CHAPTER AC STUDIES POETRY

The Misses Clara Armington and Lois Coppins were co-hostesses to Chapter AC, P. E. O. Sisterhood, Monday evening at the

Armington home. Miss Dorothy Armington presented the program, choosing "English Poetry" as her theme, and illustrating her talk with recordings.

Mrs. Forrest J. Trautwein presided at the tea table. Mrs. R. E. Worsley is to be the next hostess.

LENGELS HAVE FAMILY DINNER AT STEDER HOME

Members of the Lengel families were invited to the home of Mr. and Mrs. William Steder on rural route 4, Sunday, for a stramble dinner and reunion. Forty-three relatives assembled for the event.

Mrs. Clarence Lengel of Rockford entertained with selections on her piano accordion. Attending were Mr. and Mrs. Clarence Lengel, Mr. and Mrs. William Harris, Sr., Mr. and Mrs. William Harris, Jr. and family, Mr. and Mrs. Vern Buchanan and son, Mrs. Mary King and daughter of Rockford; also Mr. and Mrs. Stanley Noble, Mr. and Mrs. Warren Ream, Mr. and Mrs. Albert Lengel and grandsons, Mr. and Mrs. Jerald Noble and family, Mr. and Mrs. Alden Wolfe and family, Mrs. Joseph Wright and sons, Mrs. Frank Wolfe and daughters, Mr. and Mrs. Ray Troup of Dixon, and Pvt. Julian Paul Hebler of Camp McCoy, Wis.

will find no appreciable change in

Citrus fruits well deserve the
popularity that changed them
from a rare holiday treat to an
everyday regular in American
meals. Oranges made the big shift
after the last war in the 1920's.
The average yearly crop during
the period of the last war was a-
bout 20 million boxes. Today the
average yearly crop of oranges is
more than 80 million boxes. A
family which before the last war
bought oranges only about once
a year for the children's Christmas
stockings, probably had begun to
use oranges for breakfast and des-
sert in the 1920's, and today con-
sider them everyday food. Grape-
fruit came into their big popular-
ity much later than oranges—not
until the late 1930's, in fact.

Citrus fruit is a "natural" for
winter meals, coming as it does
when other fresh fruit is scarce
and bringing together appetite
appeal, vitamin value and good
keeping quality. Oranges and
grapefruit contain several miner-
als and vitamins as well as other
food values, but their most im-
portant contribution to the diet is
probably vitamin C. They are one
of the very richest sources of this
vitamin which everyone needs ev-
ery day. In winter—or whenever
fresh fruits and vegetables are
scarce—meals are likely to run
low in this vitamin. The result is
often such common winter ills as
aches in bones and joints, a run-
down feeling, lingering colds, or
sore gums. Studies of vitamin C
show that a large orange or a
grapefruit a day will keep these
vague ills away.

Army rations must contain
plenty of vitamin C foods, and the
citrus fruits are among those that
our armed forces depend on. The
British, cut off from the oranges
from Spain and Africa, which they
used to import by the shipload, are
especially in need of the concen-
trated orange juice made from
American oranges. Though the
British people have been learning
to use more of the vitamin C foods
they can raise on their own soil—
cabbages, black currants and rose
hips, for example—recent visitors
to England say a fresh orange in
Britain today looks more tempt-
ing than gold to many people.

Every modern mother knows
that the youngest of the family
thrives on orange juice at a very
early age. Babies today start
taking orange juice when they are
only a few weeks old and take
more as they grow older. This is
because milk is low in vitamin C
and babies can't store this vitamin
any more than older people can.
They need a daily supply. Before
mother and physicians understood
this, some babies suffered from
scurvy for lack of vitamin C.

The very old as well as the very
young thrive on citrus fruit. Old
people, like younger people, need

vitamin C. They often must avoid
raw cabbage and other such foods
rich in C. But most old people en-
joy and can easily take citrus
juice every day.

Though citrus fruits are plenti-
ful this year, we must be careful
not to waste this or any other good
food in wartime. The whole fruit
contains much more vitamin C
than the juice, especially, the
strained juice. So in making the
most of oranges and grapefruit,
remember that slicing is more
economical than squeezing and
straining. Even the outer peel con-
tains vitamin C. Use it for mar-
malade, relishes, and use grated
peel to flavor desserts, biscuits
and cookies.

Oranges and grapefruit are
richer in vitamin C than tanger-
ines which are also plentiful this
year. But tangerines happen to be
richer in vitamin A. We have the
biggest crop of tangerines in his-
tory. And these so-called "kid
glove oranges" have the advantage
of all the rest in being easier to
eat and extra handy to take in a
lunch box.

Food Makers Told to Eliminate Cross, Excessive Hauling

New York, Nov. 25—Food
manufacturers have something to
think about, a problem highly
complicated but tied in with the
whole war effort. It will become
more serious in the months ahead.
Joseph B. Eastman, director of
the office of transportation, gave
the manufacturers a reminder
that delivery difficulties will
deepen in 1943 as this country's
war production moves toward its
peak.

As that war production grows
the nation's transportation system
will be needed more and more for
only those essential items which
must be moved.

So Eastman told the food manu-
facturers they must give thought
to changing their methods of dis-
tribution to eliminate "cross-
hauling" which he said might bet-
ter be described as "excessive
hauling."

Cross-Hauling
This is an example of cross-
hauling which Eastman gave:

"There is a concern in Boston
and one in Chicago. They make
the same things. The Boston con-
cern sells in Chicago and the Chi-
cago firm sells in Boston. That
is cross-hauling."

"Here is a customer in Wor-
cester, which is near Boston. He
can buy the same thing in Chi-
cago or he can buy it in Boston.
He buys it in Chicago. That, you
might call excessive hauling."

In this country there are about
50,000 food manufacturing plants.

Some are highly concentrated in
one area and from there distrib-
ute their product across the na-
tion. Others serve their imme-
diate area only.

The ideal situation in wartime
—perhaps at any time—would be
to have the various regions of the
United States self-sufficient in
producing and distributing the
products the inhabitants of those
regions needed.

That would take long-time plan-
ning and plant-building which is
not now possible.

Control Market Areas
In England, however, the min-
istry of food, which is responsible
for concentration in the food in-
dustry, has controlled the market
areas of some industries.

For instance: The English areas
over which candy, crackers and
soft drinks can be distributed
from certain production points
now are regulated.

Steps already have been taken
in this country to zone the distri-
bution of sugar and to pool trans-
portation, storage and distribut-
ing facilities in the oil industry.

But whether the food industry
itself tries to eliminate cross-
hauling, A. W. Zeonok, New
York economist, expects the gov-
ernment to take a hand in it. He
says:

"We do not expect voluntary
methods of eliminating cross-
hauling to be sufficiently successful.
Compulsory regulation along
these lines is likely beyond the
end of the year."

Approve Law to Keep Tire Men in Business

Washington, Nov. 25—(AP)—
The senate banking committee
Tuesday approved legislation
which would help keep 200,000 in-
dependent tire dealers in business
by making them official tire in-
spectors and giving them the ex-
clusive right to sell and service
tires and tubes.

Knocked out of the final ver-
sion, however, was Ellender's pro-
posal that at least 3,500 tons of
crude rubber annually be set
aside from government stocks to
provide retread tires for 30,000-
000 passenger automobiles.

The bill authorizes and directs
Rubber Director William Jeffers
to order tire inspections at regu-
lar intervals (a step already tak-
en) and provides that only inde-
pendent tire dealers shall make
the inspections, with maximum
charges subject to order of the
director. Likewise all new and
retread tires could be sold or de-
livered only by independent deal-
ers.

"E" is the most commonly used
letter in the English language, but
"S" is the most commonly used
capital.

That Extra Something!

...You can spot it every time

YOUR grocer is really a counselor on quality. When in doubt about brands, his "extra something" can guide your choice. Ask him what soft drink he has drunk recently. 6 out of 10 grocers will tell you, "Coca-Cola".

Every sip tells the story of quality in Coca-Cola. How delicious and distinctive is its taste. How only Coca-Cola itself offers this taste. How it goes beyond mere thirst-quenching. How it gives you a welcome feeling of refreshment. How 57 years of experience give it outstanding and unique goodness.

Your grocer knows that when you ask for Coca-Cola... or use its friendly abbreviation, Coke... you want the real thing. The only thing like Coca-Cola is Coca-Cola, itself.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

Beautiful Service

Lighted tapers and chrysanthemums greeted the view of a large crowd who assembled in the lodge room to witness the impressive public ceremony in which newly elected officers of Garnet chapter, O. E. S., were installed.

W. M. Herbst, A. W. Crawford and F. H. Senger escorted the installing officers, Mrs. Kathryn S. Herbst as installing marshal, Mrs. Catherine Schier as installing chaplain and Mrs. Drucilla Banker as installing officer. Mrs. Mary Spangler acted as installing organist and Mrs. Margaret Knapp as installing soloist.

After Mrs. Knapp so beautifully sang "The Old Rugged Cross," Mrs. Herbst invited the officers-elect into the chapter room where they formed a semi-circle at the west of the altar to be properly introduced.

W. M. Herbst, the color bearer entered, carrying the national emblem. The Ode to the Flag was given, followed by the national anthem.

As the worthy matron-elect, Mrs. Grace Lott, advanced to the altar to receive her obligation, Mrs. Knapp sang "Love's Old Sweet Song."

Installed with Mrs. Lott were: Worthy Patron—Raymond Jacobson.

"Kum Join Us"

The "Kum Join Us" class of the Methodist church held their regular business and social meeting Wednesday evening, at the church. There were 24 members present. The business meeting was held, Mrs. L. L. Durkes, the class president, presiding. It was voted to buy a service flag for our church and to have an Honor Roll of our boys in service. A committee was appointed to buy these Christmas cards were addressed to the boys in the service and signed by the class members present.

The committee for the December meeting was appointed: Mr. and Mrs. Laverne Baker, Mr. and Mrs. Harry Patterson and Mr. and Mrs. Roy Shoemaker.

The social part of the evening was suggestive of Thanksgiving. An "Indian Hunt" being first. Each group to find ten Indians but in the correct numerical order. "Franklin's Heart" were arranged for the person sitting to the right of us. The rest of the evening was spent playing bunco.

Refreshments were served by the committee, Mr. and Mrs. W. Radcliff and Mr. and Mrs. Ralph Canode.

Guard "Thrill" Slayer Against Efforts of Her Husband to Spring Her

Lake Charles, La., Nov. 25—(AP)—Law enforcement officers were ready today for Claude E. (Cowboy) Henry, escaped Texas convict, if he should come here to try to spring his doomed wife from the Calcasieu parish jail.

"All necessary precautions have been taken," said Sheriff Henry Reid, Jr., when notified the 29-year-old convicted slayer had headed toward Louisiana from a Texas prison farm where he escaped with a companion Monday. Mrs. Annie Beatrice (Toni Jo) Henry, 26, is to be electrocuted here Saturday for shooting to death of J. P. Calloway of Houston, Texas. The salesman was killed as he knelt nude in a frozen rice field on St. Valentine's Day, 1940, to pray for his life.

Mrs. Henry and a companion, Horace Finnon Burks, also under death sentence, had hitch-hiked a ride with Calloway and taken his car, she said at one time, to use to rob a bank for funds to free her husband, serving a 50-year term. Last week she signed a confession that she pulled the trigger and a clemency plea is being prepared for Burks. She called it a "thrill slaying."

Two Ex-Middies Can Sink Navy in Army Clash

Annapolis, Md., Nov. 25—(AP)—A couple of thousand midshipmen have their fingers crossed these days against the thought that two former middies could blast Navy's hopes in the annual football clash with Army here Saturday.

Halfback Bobby Woods and end Jim Kelleher may recall that the U. S. Naval academy was their first love, but they'll be battling the sailors in approved cadet style when Army makes its first Annapolis visit in 49 years to contest the transplanted classic.

If the Cadets win—they haven't since 1939—Woods will become the first man in history to win the Navy "N-Star," for helping to defeat Army, and the Army "A-Star" in consecutive seasons. He will probably be the only athlete ever to find his name in Navy's starting lineup one year and in Army's the next.

Know Wood's Strength Navy coaches who know what Woods can do rate him as dangerous as Hank Mazur or Ralph Hill, another Cadet star. His resignation from the naval academy last winter was a blow to the Middies' 1942 grid hopes.

War-time eligibility rules gave him a quick chance to oppose his former mates despite his plebe status at West Point.

The son of an army officer, Kelleher starred for Navy's 1939 plebe eleven during the same season his older brother, Bill, was an Army blocking back.

When the elder Kelleher boy died of a heart attack in 1939, Jim transferred to West Point to fill his brother's unexpired term. Their father had always wanted one son in the Army.

Social Security Man to Visit Dixon Friday

A representative of the Social Security Board's Field office in Rockford will be in Dixon in the city council room, Friday to confer personally with the employers and wage earners in this vicinity who wish assistance and information relative to their Social Security problems. He will be available between the hours of 10:15 a. m. and 12:00, noon, for such conferences.

The representative said that he would be glad to assist employers, employees, and others who wish to ask specific questions, or who desire information on the filling out of forms, obtaining account numbers, or establishing claims for old-age insurance. Those persons wishing information or a future appointment who are unable to see the representative when he is in the community may write or call the board's field office, which is located at 207 Federal Building, Rockford.

Leahy Says He Will Settle for One-Pt. Decision

Chicago, Nov. 25—(AP)—Notre Dame's Frank Leahy says he will settle for a one point victory over the Trojans of Southern California in their intersectional football clash Saturday.

Leahy's remark came as the Irish squad of 35 players stopped off here en route to Los Angeles. "Our scouts say Southern California has improved from week to week. Right now it's probably the best team on the coast. . . . We know it has speed and passing. . . .

"We look for a close game. One point might decide it. . . . Maybe a touchdown. . . . I'll settle for a point."

One point has been the margin of three of Notre Dame's nine victories in the 17 year old rivalry with the Trojans.

Practice Highlights

Michigan worked on measures to stop the passing of Iowa's Tommy Farmer. . . . The Hawkeyes are seeking third place in Saturday's concluding conference game. At Illinois, Jim McCarthy, senior end, was shifted to quarterback in practice for the Camp Grant encounter. . . . Northwestern concentrated on forward passing. . . . The Great Lakes line, which has not permitted a touchdown in its last five games, lost one of its guards for the Northwestern contest when Ken Robesky's knee failed to respond to treatment. . . . Speedy Tommy James returned to the Ohio Backfield and will play against the Iowa cadets. . . . Cliff Anderson, an end, was elected 1943 captain at Minnesota. . . . Elected honorary co-captains at Wisconsin were Dave Schreiner, an end, and Mark Hoskins, a fullback.

Let Us Make This a GOOD Christmas

Our chain of joyous, untroubled Christmases is broken. All that Christmas means to us is in peril . . . and we must dedicate ourselves wholly to the task of saving it.

We must preserve our Christmas spirit, so it may shine out for all the world to see. So let us make this, of all Christmases, a GOOD Christmas.

50 MILLION AMERICAN WORKERS

Can't be
Wrong!

Listen, Adolf, Benito, and Hirohito!

I'm only one out of 50 million, but I'm here to tell you that you've got us workers to reckon with, too. This is our fight as much as it is our soldiers, sailors, and marines. And we aim to win this war.

In any war of machines, you're playing *our* game. No one can beat us when it comes to doing a quick mass production job on planes, tanks, ships. Not when we set our minds to it.

I head a welding crew, part of America's great shipbuilding program. We're already ahead of schedule, and going faster every day. In 20 years of welding all over the country, I've never seen a gang working as hard or as well. They are inspired to give the last ounce of effort because they know how necessary this is to destroy you and what you represent.

That's why, too, they are willing to save more than they ever did before in order to buy War Bonds. At least 10 percent of their pay every payday goes to smash you once and for all.

Our employer makes it easy for us to buy War Bonds on the Payroll Savings Plan, and every man is signed up. Well, why not? No working man—or any other American—would miss this chance to serve his country and to safeguard his home, his family, and his freedom, now and in the years to come. Because we not only help to win the war by buying Bonds, we get back \$4 for every \$3 we invest, when we hold the Bonds 10 years.

Every man, woman, and child putting every dollar in Bonds, every effort in work—that's the way we're welding America's strength for victory. And that's the way we'll beat you, Adolf, Benito, and Hirohito!

SHARE A QUART
and Socially correct!

It's a growing fashion to ask for the full-quart SCHLITZ GUEST BOTTLE. Sharing quart is such a friendly, American way! Same Schlitz as in the familiar 12-ounce bottle—but the SCHLITZ GUEST BOTTLE contains almost three times as much. Convenient for serving—easy to carry—fits nicely into the refrigerator.

Just the kiss of the hops...
NONE OF THE BITTERNESS!

Once you taste America's most distinguished brew, you'll always want that famous flavor found only in Schlitz.

Milt Vaughn of Rockford has already been announced as one of the officials but the other has not yet been named.

TOP KICKER

Don Barnhart, former Dixon Duke football star, was without competition in the North Central Conference when it came to kicking points after touchdown.

In the season just completed, Barnhart, tackle on the co-titlist Iowa State Teachers outfit, booted the piskin through the up-rights 14 times—his nearest competitor had 6 placements to his credit.

Don, a senior at the Iowa school, was chosen on the All-Conference team for the second successive year.

Barnhart is slated for military service as soon as he graduates in June as he was sworn into the army's officer reserve, Nov. 16.

BANQUET

Mrs. Louis Bevilacqua threw a chicken and spaghetti feed for fifteen of the Dixon Duke gridders and Coaches Lindell and Sharpe at Tony's Soda Grill last night.

Present at the banquet were honorary Co-Captains Bob Quilhot and Don Edwards, Bob Hess, Walter Knack, Jr., John Loftus, Sostant Pierre, Frank Leeper, John Collins, Bill Goff, Fred Howard, John Walters, Floyd Egler, Bill Haefliger, John Van Nuys and Don Richards.

Bradley Not Certain Fans Desire Ball

Would Rather Not Open Park If Wolves Ride Players

Bulletin

St. Louis, Nov. 25—(AP)—Luke Sewell has signed a contract to manage the St. Louis Browns in 1943, Vice-President Bill Dewitt announced today. The terms were not disclosed.

Cleveland, Nov. 25—(AP)—President Alva Bradley of the Cleveland Indians expressed doubt today that fans want wartime baseball and declared that he "would rather not open" the ball park next spring if he thought the "wolves" would ride his players for not being in the military service.

"The members of the Indians will have a very good reason for not being in the Army," he added. "They'll have wives and children to support."

Bradley said he had talked to a lot of people who said they wanted baseball, but he explained that these people did not represent a "cross-section of opinion" since most of them were aware of Bradley's baseball connections.

Expression From Fans

He said he wanted "an expression from the fans" to take along to the major leagues' mid-winter meeting in Chicago next week.

Discussing his club's prospects for next season—if there is one—Bradley said, "For my part, I don't want any men on my club who aren't needs of families."

This policy would eliminate several valuable Indian players including Les Fleming, Chubby Dean and Harry Eisenstat—all married but without children.

Eligible, however, would be infielders Oscar Grimes, Ray Mack, Lou Boudreau and Ken Keltner; outfielders Jeff Heath, Roy Weatherly and Oris Hockett; catchers Gene Desautels, Otto Denning and Jim Hegans, and pitchers Jim Bagby, Mel Harder, Al Smith, Al Milnar, Vernon Kennedy, Joe Heving and rookie Allie Reynolds.

CLOUTING CHINAMAN

Indianapolis, Nov. 25—Jue Yee Kong is believed to be the only active Chinese boxer in American rings today. He makes his headquarters in Indianapolis.

DAM IS HONORED

Baltimore, Nov. 25—Maryland Jockey Club will inaugurate a good race for fillies to be called The Marguerite. It will honor the dam of Gallant Fox, Fighting Fox, Petee Wrack and Foxbroth.

Wrong Number

This ball was intended for player number 14, but the wrong 14 got it and ran it back 48 yards as New York Giants tied Green Bay Packers, 21-21, at Polo Grounds. Ward Cuff, right, of the Giants leaps in front of Don Hutson to make interception.

No Discriminating Influences in Selecting Rose Bowl Rival

By HARRY GRAYSON
NEA Service Sports Editor

New York, Nov. 25—An eastern football writer reports that the Pasadena Rose Bowl's refusal to consider what he calls sectarian colleges for the New Year's Day game is causing nation-wide comment.

He is wrong on two counts. It is unjust to infer that the Rose Bowl people are adverse to taking a Catholic college team west, and I doubt that the country would be gabbing about it if it were true. Not in these times, anyway.

What many commentators don't seem to realize is that the Tournament of Roses football committee has nothing whatsoever to do with the selection of the combatants. The Rose Bowl game—invitation and all—is entirely in the hands of the Pacific Coast Conference champion.

They Wanted Fordham

All Boston College, the team easterners would like to see in the Rose Bowl, needs a bid from the far western titleholder. The winner will not be determined by the way, until U. C. L. A., one candidate, engages Southern California as late as Dec. 12. The other outfit with a chance is Washington State.

You only have to go back a year to laugh off any talk about sectarian schools being definitely out of the Rose Bowl. Percy Loecey, Oregon State's director of athletics, telephoned Coach Jim Crowley just three hours—the difference in time—after Fordham had committed itself to meet Missouri in the New Orleans Sugar Bowl.

Notre Dame's immortal Four Horsemen came to the end of the trail cracking Stanford, 27-10, in the Rose Bowl, Jan. 1, 1925. The last time we were out that way, Notre Dame was a Catholic institution.

Fisher Earns Letter

Speaking of the Rose Bowl, the late Bob Fisher's oldest son, Bob, Jr., put a story-book finish to an unusual college football career at Harvard. The connection here is that old Bob Fisher, successor to Percy Haughton, coached the Crimson varsity which edged Oregon, 7-6, in the Rose Bowl fixture, Jan. 1, 1920.

For three years, young Bob, not heavy enough for a lineman, tried to get in a varsity game. Sophomore brothers, Jack and Bill, made the team right from taw. It must have been pretty discouraging to young Bob, who didn't want to be the only Fisher who did not make a letter at Harvard.

Dick Harlow determined to give him an opportunity in the Yale game, and he came out late in the second period to boot a field goal from a difficult angle that easily might have won for Harvard.

Speaking as a football reporter, it was too bad it didn't.

That would have been a real story—another Bob Fisher beating Yale with his only play in three years of football.

Isbell May Beat Sam Baugh Yet

Chicago, Nov. 25—(AP)—Cecil Isbell, the Green Bay passing expert, may beat out Washington's Sammy Baugh yet in their duel for passing honors in the National football league.

Isbell, 1941 champion, fell behind last week, but today's figures showed he had bounced back and was tied with Baugh for the leadership. Isbell led in the number of completions, 125 to Baugh's 115,

ROUNDUP

By HUGH FULLERTON, JR.
New York, Nov. 25—(AP)—If, as we have been arguing, the current hockey season will give an indication of the wartime fate of other sports, you can stop worrying about 'em and send your mind off on a long vacation...There's a precedent in the meeting of the National hockey league governors the other day...The hockey men know that they can't get any more players from Canada to play in the United States, but when they started to cut the player limit to give the weaker clubs a break, they compromised on a reduction of one...The clubs that have more than 14 members besides a goalie now will be able to keep that that extra man, even though they can't use him in every game, instead of selling off their surplus.

SPORTS MENTION

A new story on why the Dodgers fired Chuck Dressen is that Chuck has been outspoken about being anything but fond of Branch Rickey...Don Meade, who can resume riding Jan. 1, when his suspension ends, will winter at New Orleans and has leased his Miami house to Marshall Cassidy...The idea of having midshipmen substitute for the absent Army cheerleading section at the Army-Navy game isn't exactly new in military circles. For years West Point and Canada's Royal Military academy have furnished rooters for the visiting team in their hockey series...Mel Ott is due in town today. Maybe after reading all the news about the Dodgers he wants to prove the Giants still are in the league...The fight mob has decided that Henry Armstrong would have trouble making the lightweight limit again so now it looks as if Henry's return to Madison Square Garden will be against Bummy Davis late in January.

TODAY'S GUEST STAR

Lewis Athison, Washington Evening Star: "Perry Schwartz began his athletic career as a tennis player in California, developed into a football player with the Golden Bears and, after yesterday's business with Bob Masterson, if there aren't a half-dozen fight managers on his spoor, they're missing a good bet."

SERVICE DEPT.

Lieut. Commander Clement Boyd of the naval aviation cadet selection board, fighters that sports writers who have reported the doings of the pre-flight football teams have helped considerably to stimulate interest in naval aviation, which needs 30,000 pilots this year...Ad how about the guys playing on those teams?...Pvt. Don Gilbert, who had a nifty boxing piece in the Fort McClellan (Ala.) camp newspaper the other day, is lend-lease in reverse. Born in England and reared in Canada, Don came to the United States to work for the Canadian Press—as cable editor and drama critic. Lieut. John F. Hogan of Camp Roberts, Calif., who confesses that his athletic experience at Middlebury (Vt.) college has done him more good in the Army than the studies he labored through, must have said the same thing to some of the soldiers...When he was officer of the guard one night, a sentry challenged him. When the formalities reached the "advance and be recognized" stage, the sentry's voice rang out across the camp: "Advance, officer of the guard, for the physical exercises."

EVERYBODY'S SPORT

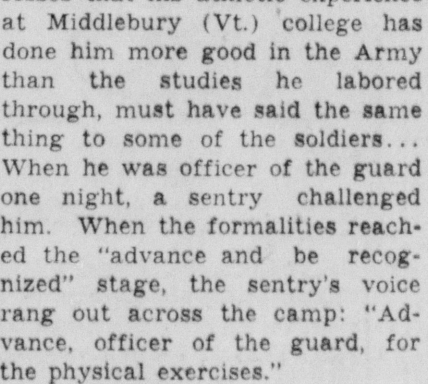

Philadelphia, Nov. 25—Tabor Ladies' Bowling League of Philadelphia started its 48th season with two great-grandmothers and seven grandmothers in its lineup.

Gives Nod to Great Lakes Against 'Cats

Names Seahawk, Georgia Tech, Army as Winners Sat.

By HERB BARKER
New York, Nov. 25—(AP)—Taking one last whirl at the football guessing game and breathing a huge sigh of relief that it's all over for another year (or more):

Thanksgiving Day

Cornell-Penn: Three weeks ago this would have looked like a push-over for Penn. But now Penn has dropped its last two starts while Cornell, sparked by Wally Kretz, has won its last two. Still, stubbornly, Penn.

Kansas-Missouri: The Tigers were not exactly world-beaters against Fordham but they should be plenty good enough to take this one and thus retain the Big Six crown. Missouri.

Arkansas-Tulsa: The Razorbacks are the last obstacle blocking an unbeaten, untied season for Tulsa. We'll take Tulsa but with considerable misgivings in view of Arkansas' upset of Detroit last week.

Louisiana State-Tulane: Both are spotty and the point is which one is going to be "up" for this climax game. Merely guessing, Texas.

Texas A. & M.-Texas: Nothing is sure in the Southwest Conference any season but most particularly this one. Tossing the coin... Texas.

William & Mary-Richmond: This should clinch the Southern Conference title for William & Mary's good outfit.

Great Lakes-Northwestern: Doubt that Northwestern can whip itself up for this anti-climax. Great Lakes.

Saturday, Nov. 28

Army-Navy: The better record belongs to Army if that means anything and it seldom does in this rivalry. Nevertheless, the Cadets have looked like a strong team all year while Navy has been inconsistent. The vote goes to Army.

Georgia Tech-Georgia: This is the perfect set-up for Georgia to come raging back after the Auburn debacle, trounce unbeaten Tech and take the southeastern title. Perhaps it will work out that way but this observer is impressed by Tech's defensive record. Therefore, Georgia Tech.

Holy Cross-Boston College: If the Eagles forget to keep their minds on the business at hand, they'll take a beating for Holy Cross can be tough, especially in this game. Off the records, however, we'll string along with Boston college.

Iowa Navy-Ohio State: This ballot for Iowa navy pre-flight is predicated on the possibly false assumption that the season ended for Ohio State last week when the Buckeyes crushed Michigan.

Notre Dame-Southern California: With Mickey McCordle showing the way, the Trojans have come a long way in the last few weeks. Hesitantly, Notre Dame.

Iowa-Michigan: One vote for Michigan.

Kansas State-Nebraska: Should be the spot for Nebraska to close with a victory.

Oregon State-Michigan State: Taking the home team, Michigan State.

Skipping over the chalklines otherwise: Indiana over Fort Knox; Illinois over Camp Grant.

Long range department: Dec. 5, Iowa naval over Missouri; Notre Dame over Great Lakes.

HOLD THAT LINE

Great Lakes, Nov. 25—Great Lakes' football team was not scored on in its last five games.

Germans Are Accused of Organizing Vast Schemes of Extortion

London, Nov. 25—(AP)—The Netherlands Government-in-exile charged Germany Tuesday with organizing a vast scheme of extortion by selling exit permits from occupied territory for great sums and said it would combat the traffic with every means in cooperation with the British and United States governments.

"Relatives and friends in allied and neutral territory receive a communication that persons in occupied territory will be allowed to emigrate on condition that a considerable sum, in the currency of a neutral country, be made available to the enemy," it said.

"In some cases the request emanates from the prospective emigrant. In other cases the attempt is made through associates of the enemy in neutral territory. The request is sometimes accompanied by an open or veiled threat that those concerned will be sent to a concentration camp should the ransom not be forthcoming."

"Evidence which has reached the Netherlands government and the governments of the United Kingdom and the United States indicates that the practices are organized by the German authorities and that our enemies are doing their utmost to increase their holdings of neutral currency."

The sums demanded, it said, are very large—sometimes as high as the equivalent of \$20,000 a head.

Gannett Resigns as Assistant Chairman

Washington, Nov. 25—(AP)—Resignation of newspaper Publisher Frank E. Gannett as assistant chairman of the Republican national committee left the party's leadership today with two top committee vacancies to fill at the GOP Dec. 7 meeting in St. Louis. Chairman Joseph W. Martin, Jr., who is resigning to devote all his time to his duties as house minority leader, announced yesterday that Gannett also would leave his post in the belief that "what we fought for has been largely achieved."

No Proclamations of Thanksgiving in Period of 47 Years

No President Between Monroe and Lincoln Noticed Festival

BY SAMUEL A. TOWER
Washington, Nov. 25—(AP)—This wartime Thanksgiving is a solemn occasion to junior's parents, but to junior, studying the development of his country, Thanksgiving represents a short cut to American history. Except for a gap of 47 years, between Monroe and Lincoln, the Thanksgiving proclamations unfold the pageant of the nation's rise from 13 separate colonies to a great world power.

The proclamations of the old continental and national congresses trace the whole history of the Revolutionary War.

In the early dark period, we find the appeal to Providence to afford seasonable supplies for our armies, and "to aid our cause by defeating the councils of evil designs of our enemies, and giving us victory over their troops."

Later, we give thanks that "the Confederation of the United States has been completed," and that "there have been so many instances of prowess and success in our armies, they have recovered the whole country which the enemy has overrun."

Washington's Proclamation President Washington issued only two proclamations and each expressed an ever-present keynote of American sentiment.

His first, in 1789, offered gratitude for "the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness, particularly the national one now lately instituted," and "for the civil and religious liberty with which we are blessed". Six years later, Washington expressed a traditional American hope with thanks for our exemption from the war swirling about the nations in Europe.

The proof that history repeats itself is found in the proclamation of John Adams—only it was England instead of Germany. He foreshadowed the war of 1812 in his concern over "the unfriendly disposition, conduct and demands of a foreign power, by depredations on our commerce, and the

infliction of injuries on very many of our fellow citizens while engaged in their lawful business on the seas."

None for 47 Years Apparently the nation was so busy growing during its "teen" years, following Madison's proclamation of thanks for peace with England, that for 47 years it didn't take time out to enjoy turkey and consider its blessings.

The customs of Thanksgiving was re-established by President Lincoln, amidst the agonies of the Civil war. "Father Abraham" suffered from the "casualties and calamities of sedition and civil war, of unequal magnitude and severity". Yet, in the middle of war, he preferred to look to the peace beyond, and implored the aid of the Almighty "to heal the wounds of the nation, and to restore it to the full enjoyment of peace, harmony, tranquillity, and union".

The next two decades record the restoration of harmony and the building up of the west. The proclamations offer thanksgiving for abundant crops, successful commerce and manufacture, a flood of immigration, peace and prosperity.

Suggestions Help War Effort; Give Workmen Returns

Chicago, Nov. 25—(AP)—Suggestions—especially those practical ones which are responsible for improved production in war industries—are paying off in cash dividends to many of the nation's workers—and helping Uncle Sam, too.

The suggestion system at war plants and other industries is comparatively new and only recently the National Association of Suggestion Systems was organized here.

The group's purpose is to get more ideas out of the workers for production improvement and if their suggestions prove workable, there's a three-fold reward. The worker whose idea is accepted gets a cash award and, naturally, his company benefits. So does the country's war effort.

E. S. Taylor, association president, said some employees have turned in enough prize-winning suggestions to pay for their homes.

H. C. Marmaduke, association treasurer and a railroad official, said the system had greatly benefited his company and that since it was inaugurated more than

\$65,000 had been given to employees for their ideas. The top award was \$2,605, based on a 10 per cent payment for the savings effected by the railroad in following an employee's suggestion.
